Tobacco T-77, Administrative Ruling No. 36 - Renders tobacco produced in excess of production allotment under Burley, Fire-cured and Dark Air-cured Contracts unmerchantable except to extent producer elects to market it and have it covered by tax-payment warrants, within limits and terms of this Ruling. Producer's option to market such excess is subject to consent of persons having interest in second adjustment payment.

Provision is made for reduction in second adjustment payment where producer exercises said marketing privilege, reduction to be applied to the net sale value of all tobacco marketed.

Marketing of tobacco may not exceed production allotment by more than 10% in the case of Burley and 15% in the case of Fire-Cured or Dark Air-Cured Tobacco.
